January 5, 2021

VGM Residents and Families,

Based on information from the Department of Public Health, the Department of Social Development, and Premier Blaine Higgs, for precautionary reasons we have decided to cancel all visitation, including off-site visits, effective January 6, 2021. Visits to Residents receiving palliative care will be the only exception allowed. These actions are necessary to keep all Residents and Staff as safe as possible.

Our Staff have done an excellent job maintaining infection control practices which in turn have kept our Residents safe! We are very grateful for their focus and hard work!

We will remain vigilant monitoring any symptoms of Staff & Residents.

This closure will be in place until further notice. We will be consulting regularly with Public Health on when this can be lifted.

We ask that you continue to follow the public health directives given to us by the leaders of our Province, so we can re-open our doors quickly and safely.

Thank you for your understanding and support.

Sincerely,

The VGM Management Team
