January 11, 2022

VGM Residents and Families,

As you may be aware, the community of Perth-Andover and surrounding areas are experiencing an upswing of COVID cases.

As a precautionary measure, Public Health has requested that Victoria Glen Manor suspend all visits to the nursing home. We are currently conducting testing on Residents and Staff to ensure everyone's continued safety.

We will post another update as soon as we have additional information.

We want to wish everyone a happy, healthy, and prosperous 2022!

Thank you for your continued support and kindness.

Sincerely,

The VGM Management Team
