May 4, 2022

VGM Residents and Families,

We wish to thank all Residents, family members, Board of Directors, and the community for the ongoing support as we continue to navigate and define the “new normal” with COVID. We give extra special thanks to our staff, who have exceeded all expectations with regards to dedication, hard work, and flexibility.

Unfortunately, Public Health has informed us that they consider Victoria Glen Manor to be in an outbreak situation as of Monday, May 2, 2022. That means we have a high number of COVID exposures and illnesses within the Resident and/or staff population. This was expected and planned for, since the loosening of restrictions within the Province.

Our Residents are benefiting a great deal from visits from their Designated Support Persons (DSPs). As a result, we will remain open to visits from DSPs, under the following conditions:

- One DSP may visit a Resident at a time.
- Upon entry to the building, DSPs will be instructed what PPE must be worn for the duration of the visit. Depending on the specific circumstance, that may mean wearing a masks, shield, and gown for the duration of the visit. Please respect these instructions.
- Guests may not eat or drink in the Home, as that would mean removing some of his/her PPE.
- If a DSP wishes to bring food in (home-made or purchased), drinks, or other personal items to a Resident, please bring it to your visit. All other deliveries may be dropped off at the front office.

On a positive note, as we move into spring and warmer temperatures, Residents will be able to enjoy our courtyards and sunshine, and preparing our raised garden beds for planting.

Please stay healthy and happy!

Sincerely,

The VGM Management Team
