December 17, 2020

VGM Residents and Families,

This is to inform you that we have just been made aware of a positive case of COVID-19 in our community.

For precautionary reasons we have decided to cancel all visitation until we receive further information from the Department of Public Health. This will cancel all visitation until further notice. This action is necessary to keep all Residents and Staff as safe as possible.

Our Staff have done an excellent job maintaining infection control practices which in turn have kept our Residents safe! We are very grateful for their dedication!

We will remain vigilant monitoring any symptoms of Staff & Residents.

COVID-19 may be spread by people who feel good, with no symptoms. This makes it especially important to follow the public health directives.

Thank you for your understanding and support.

Sincerely,

The VGM Management Team
