June 1, 2022

VGM Residents and Families,

For many years, Victoria Glen Manor, Inc. has been very fortunate to have Dr. Peter Moore and Dr. Allison Kennedy provide physician services to our Residents. Both physicians have provided extraordinary care to our Residents and have shown kindness and support to families.

At this time, both physicians have indicated that they will no longer be providing these services to Victoria Glen Manor Residents. Although we are extremely sad to see them leave, they have been valued partners, and we give thanks they have worked with us for so long. Please join us in offering our best wishes to Dr. Moore and Dr. Kennedy.

We are pleased to introduce the new members of our care team: Dr. Josh O'Hagan and Mack Perry, Nurse Practitioner. Both are very experienced in their fields, and we look forward to this new partnership.

Sincerely,

Donna Miller-Wallace  
Executive Director  
Victoria Glen Manor, Inc.
